**Subject:** Fw: Dimock SERAS

Jackie,  
Pls prepare a PR for ERT for use with their SERAS contractor at the Dimock Site. The breakdown/justification is below.  
Thanks. Rich

I'm okay with this. I figured 50-100K.

Jerry,  
Here's some initial thoughts on SERAS budget.  
Data Review - \$50K (500 hours) - This is for the 30 or so additional homes. Techlaw will complete the review of the 21 CO&A homes  
Sample Management - \$25K (250 hours) - providing assistance to EPA in oversight of Techlaw's sample management process on site.  
Background Geology Support (this is the naturally occurring position development ) \$25K (250 hours)  
TOTALS \$100K (1000 hours)  
Let me know your's and Dennis' thoughts.
